Gordon-Roberts House

The Gordon-Roberts House (Cumberland) was built in 1867 by Josiah Hance Gordon. Mr. Gordon was member of the Maryland House of Delegates and president of the C & O Canal. The second and last family to live in the house was the W. Milnor Roberts II family. Besides being a businessman, Mr. Roberts was a violinist and had a workshop in the house where he crafted violins. The Second Empire style home illustrates the lifestyle of an upper-middle class family of the late 1800's and early 1900's.

We'll also enjoy a cup of tea and some sweets.

Note: there are a lot of stairs to the basement and 2nd floor of the house.
